

QUALITY POLICY

ORACLE CONSULTING GROUP

Quality System, Medical Device and Regulatory Affairs Consulting

- ☑ It is the policy of Oracle Consulting Group to provide quality consulting services in support of the medical devices and biological products our clients manufacture.

- ☑ Our commitment to quality consulting services is established and maintained by our quality work output and our quality assurance follow-through.

- ☑ We are dedicated to providing our clients with any information that will help maintain and improve their product quality commitment.

- ☑ We monitor our Quality System and, through study and client feedback, continuously strive to improve our processes and practices.

- ☑ We are dedicated to constant monitoring of the Food and Drug Administration's regulations, guidance documents and expectations regarding the regulated activities of the clients we serve.
